1. I love you. I've given you me. Me has given you I am. The king of kings now comes forth arrayed in beauty; beauteous beauty; beauty not a man of, named not a man of, but beauty beholding a crown, the crown of life, the crown of me now comes forth.

2. I love you. I give you me, all of me, all i am, all i have. All I are is we the is'd ones now reign in supremacy, general not, but love exuding from our every word, countenance being, one, all one; what we're doing, being, sounding, resounding; resoundingly we the earth changes, we change it; we come, we're here.

3. We mock not the trials that develop us, for none of their excommunication devices work any longer. They hold no fool's gold for us; cannot entrap our minds nor bodies; free our bodies are/have become; free from molecular'itus standards; free from that which enslaves/ensnarls and snuffs out the smoldering wick.

4. Be not afraid. Be not afraid. Be I am, the one to behold I am. I love you. I give you me.

5. This is a new day. The new beginnings I've spoken of, I've given reports of, as it were in the beginning, going to be coming, now is.

6. I love you all. I bow before you. I give you me; on plates, platters, platitudes not. Very simple language this is. Reverting not back to o're, but coming forth now; newly tainted, not, but minted a me of. I love you.

7. Thank you for transcribing this. Thank you for transcribers being. **Thank you for transcriber school raising up to be me**; my flesh in the body no longer, but my body no longer in the flesh limited to it, but freeing I am through my words coming forth; transcribers transcripting their death not; warrants not for death, but yea, frees, decrees freeing, death not, but life now in the flesh, through it not, but not yielding to it any longer; yielding to me, my word; being I am; the forthright one, yea, angel wings I've grown, having grown, I give to you not, but I show you the way. Come forth; be my angeleering ones. I love you.

8. Give you me I have. Rest I give you now; rest, peace.
9. Thank you. Amen.

10. Come in peace. Go in love. Be one.

11. This is a new day. A new regime takes my helm not from me but in a new way hearing my heart as others done not have, have not always done, properly, appropriately, but appropriated so much the glory to them, not handing my reigns freed to my body. My regime does this now. Freely reigns, reigns freely; freeing the reigns to be my body freed. I free now the reigns. Those who have hold them, hold them no longer; no more. Amen.

12. I declare, decree, the savior's born; one being; breath'd of only me. Breathed into me I have. I, my breath holy; one; ordained; unadulterated love personified me.

13. I love you. I give you me.

14. Now raise the **school**; complete the task; stand, arise, fly; be not a'morphed into anything else other than me, transformed light to light. This is a new day/hour I've told you would come is here, and is magnanimously displayed now, my glory arrayed before man who's god, thinking it's not, but con'crasting itself through time and space to be immortal, not, in the way that I am; but *is* changes that; this is changes this, and now I am is before you all; a blessing revealed is, now, yours.

Amen
